

EDUCATION SPECIALIST IN ADMINISTRATION & SUPERVISION (ED.S.)

Purpose

The purpose of the Education Specialist in Administration and Supervision program is to develop competent leaders with a biblical worldview for Christian, public, and private schools. The program leads to a Virginia license for the K-12 school principalship. Students in other states are encouraged to check with their states' reciprocity practices, as this degree does lead to licensure in many other states outside of Virginia. The licensure program is nationally approved by the Educational Leadership Constituent Council (ELCC).

Program Learning Outcomes

The student will be able to:

- Synthesize knowledge of extant research literature to solve problems in the field of education administration.
- Evaluate relevant technologies for meaningful application in the operations and organizational management of elementary and secondary schools.
- Analysis of qualitative and/or quantitative data for identifying school needs and setting meaningful improvement goals in developing supportive school environments.
- Advocate for equitable policies and practices in collaboration with stakeholders.
- Integrate a Biblical worldview into demonstrations of professional dispositions, laws and policies, codes of ethics, and professional standards appropriate to education administration.
