

DOCTOR OF STRATEGIC LEADERSHIP (D.S.L.)

Purpose

The Doctor of Strategic Leadership program seeks to provide an opportunity for qualified students to attain academic, professional, and practical competence in the field of leadership and to prepare them for opportunities, and corresponding additional responsibilities. The program emphasizes practical and real-world applications in both the coursework and the major applied doctoral research project requirements. Importantly, all subjects are explored within a biblical worldview. The program is designed for individuals seeking to advance in their current careers as well as those pursuing careers in leadership consulting or academia.

The student will be able to:
