Purpose

The purpose of the Liberty University School of Nursing is to prepare registered nurses and advanced practice registered nurses, who are committed to Christian ethical standards and view nursing as a ministry of caring, to care for patients, families, communities as well as to educate and to lead. The nursing curriculum is built upon a foundation from the arts, sciences, and the Bible, and focuses on the use of the nursing process to guide the acquisition of nursing knowledge, build strong clinical skills, and develop the foundation necessary for a sound practice. Graduates are skilled at using the science of nursing, as well as the art of nursing, to positively impact individuals and communities.
