

MUSIC (MUSC)

MUSC 510 Foundations of Music Education 3 Credit Hour(s)

This course provides an overview to the foundational principles, philosophies, and practices in music education. Topics emphasized are: purposes of school music; students as music learners; content and structure of school music programs; and music teacher knowledge and skills. Identification of personal qualities and professional competencies of excellent music teachers will also be discussed.

Offered: Resident and Online

MUSC 514 Basic Conducting 3 Credit Hour(s)

Online Prerequisite: Graduate Conducting Assessmen with a score of 0
Basic instruction in conducting techniques for worship leaders in traditional and non-traditional worship settings. Knowledge and skill areas include: posture and hand position, baton usage, foreign and mechanical terms, conducting gestures and patterns, basic score interpretation, and rehearsal management and technique.

Registration Restrictions: WRSP 010 with a score of 0-69

Offered: Online

MUSC 515 Graduate Conducting 3 Credit Hour(s)

Prerequisite: MUSC 514 or Graduate Conducting Assessmen with a score of 70

Intermediate and advanced instruction in choral and instrumental conducting techniques for music educators. Knowledge and skill areas stressed are a review of conducting gestures and patterns; advanced score interpretation, rehearsal management and technique, special challenges in choral and instrumental contexts.

Offered: Resident and Online

MUSC 516 Advanced Graduate Conducting 3 Credit Hour(s)

Online Prerequisite: MUSC 515

This course is a continuation of WMUS 515 OR MUSC 515 and focuses on developing advanced instruction in conducting techniques in traditional and non-traditional settings. Specific attention is given to the role of the conductor in practical contexts, including 21st century evangelical worship, professional orchestral/choral organizations, and elementary, secondary, and collegiate educational systems

Offered: Online

MUSC 522 Introduction to Music Theory 3 Credit Hour(s)

Online Prerequisite: Graduate Music Assessment with a score of 0
In this course, students learn foundational principles of music theory including: notes, rhythms, intervals, chord construction, and harmonic progressions. Basic arranging and analytical techniques are also explored related to traditional, classical, and popular music styles. This course is designed to prepare students for MUSC 524 or WMUS 524.

Registration Restrictions: MUSC 010 with a score of 0-124

Offered: Online

MUSC 524 Analytical Techniques 3 Credit Hour(s)

Prerequisite: MUSC 522 or Graduate Music Assessment with a score of 125

This course is a foundational course for graduate contemporary music theory practices. Systematic and empirical investigations into formal and compositional procedures of selected masterworks from the tonal repertoire. The study includes a thorough investigation of jazz and extended harmonies used in contemporary popular music. Students continue to learn and apply analytical technique to various music styles. Melodic concepts and music form are explored in the literature from historical music periods and compared to present popular music literature and practice. Lectures lead to individual analytical projects. Principles of harmonic function are taught and applied to representative historical and popular music forms.

Registration Restrictions: Students must successfully complete the Graduate Music Theory.

Offered: Resident and Online

MUSC 525 Advanced Contemporary Arranging Techniques 3 Credit Hour(s)

Prerequisite: MUSC 630

This course is designed to teach and develop advanced skills of arranging for music education vocal and instrumental ensembles. Arranging techniques relevant to standard contemporary concert bands, orchestras, and choirs will be explored, analyzed, and applied. Extended techniques in arranging may be applied to special ensembles such as chamber ensembles, flex-ensembles, Orff ensembles, jazz ensembles, and others.

Offered: Resident and Online

MUSC 531 Bibliography and Research in Music Education 3 Credit Hour(s)

Bibliographic research in the field of music education. Students will identify, access, evaluate, and interpret music education resources and materials in preparation for performing research on music education topics.

Offered: Resident and Online

MUSC 550 Applied Music 3 Credit Hour(s)

Lessons in Guitar, Piano, Voice, Woodwinds, Brass, Percussion, Conducting, or Songwriting.

Registration Restrictions: Student must have the requisite experience or consent of the instructor (see syllabus for additional information specific to each application)

Offered: Resident and Online

MUSC 560 Ensemble Pedagogy 1 Credit Hour(s)

Prerequisite: MUSC 589

Students study basic rehearsal techniques, synthesize rehearsal methodologies, and apply written and aural theory through large ensemble experience. Students engage in score analysis detailing expected rehearsal problems with appropriate pedagogical solutions.

Registration Restrictions: Consent of instructor

Offered: Resident

MUSC 589 Graduate Ensemble 1 Credit Hour(s)

This ensemble is open to all Liberty University graduate students by audition and offers the opportunity to experience and participate in various styles of music. Special attention is given to the preparation and presentations of the Night of Worship (Spring), Christmas on the Boulevard (Fall), and other campus and area events.

Registration Restrictions: Audition or consent of instructor

Offered: Resident

MUSC 620 Music in America 3 Credit Hour(s)

Evaluation of various influences contributing to the creation of a unique "American" musical style. Materials are arranged and discussed in a theoretical/historical framework. Diversity of influences investigated include: European, African American, Afro-Cuban, American Indian, Spanish-Mexican, religious, jazz, blues, folk song, popular, and black gospel. Special attention is given to music of the American Colonies and specific musical influences through the 21st century.

Offered: Resident and Online

MUSC 630 Principles of Music Technology 3 Credit Hour(s)

The study of computer applications in music, including competencies in the use of music notation software, music recording software, sequencing, smartboards, apps, interactive websites, sound shaping, and other innovative technological applications for the music education classroom. Students will focus on the effective use of technology in learning environments, with special attention to instructional practice, assessment development, and student engagement.

Offered: Online

MUSC 640 History and Philosophy of Music Education in America 3 Credit Hour(s)

In this course, students examine the historical and philosophical development of music education in America traced from its roots in biblical times through recent historical events and trends. Also emphasized are the pedagogical movements in and sociological aspects of music education from the early colonial period through the 21st century. Readings and discussions will emphasize specific subjects including: Ancient Greek music philosophy and aesthetics, music in the medieval universities and the quadrivium, the influences of humanism and the Enlightenment, musical aesthetics related to 19th and 20th century thought, and the current discussion related to aesthetic vs. praxial music educational philosophies.

Offered: Resident and Online

MUSC 650 Research in Music Education 3 Credit Hour(s)

Prerequisite: MUSC 531

The purpose of this course is to acquaint students with a variety of research that informs music education in preparation for the final capstone curriculum project, lecture recital, or thesis in music education. Students expand their understanding of various research methodologies as related to music education while developing their scholarly writing skills.

Offered: Resident and Online

MUSC 660 Performance Pedagogy & Literature 3 Credit Hour(s)

Students study materials and techniques for teaching beginning and intermediate music students of various ages in class and private lesson settings. Students also explore issues relevant to the advanced performer, such as handling of performance anxiety, physical and psychological well-being, and concerns related to advanced technique. Includes a segment on technological tools. Special attention is given to teaching group lessons at the college level. Provides practical experience under faculty supervision.

Offered: Resident

MUSC 670 Principles of Curricula and Pedagogy for Music Education 3 Credit Hour(s)

This course helps students engage matters of curricula development and pedagogy through critical evaluation and inquiry. Emphasis is given to curricula and pedagogical models that address practical issues for primary, secondary, and college classrooms.

Offered: Online

MUSC 675 Entrepreneurism in Music 3 Credit Hour(s)

Students gain understanding of the individual elements of a business plan, business structures, finance, marketing, management and organizational behavior, and leadership. Students learn entrepreneurial tools particular to the music community, techniques for innovation and creation of new ventures. At the conclusion of the course, students complete a cogent business plan applicable to different endeavors within the community.

Offered: Resident

MUSC 687 Music Education Curriculum Project 3 Credit Hour(s)

Prerequisite: MUSC 689

This course is designed to provide the student with practical experience in the planning and implementation of a major music education project. This is the completion of the research and curriculum project begun in MUSC 650. In the course, students focus on the development of a site-specific music curriculum, including the plans for implementation and assessment of the project.

Offered: Resident and Online

MUSC 689 Masters Thesis Proposal & Research 3 Credit Hour(s)

Prerequisite: MUSC 650 and MUSC 692 (may be taken concurrently)

In this course, master's students engage in the research and writing of their thesis or capstone project.

Offered: Resident and Online

MUSC 690 Thesis 3 Credit Hour(s)

Prerequisite: MUSC 689

In this course, students complete the Thesis project begun in MUSC 650. The thesis is a comprehensive paper written in a specific music education discipline and selected in consultation between the student and approved faculty. It should illustrate a thorough understanding and mastery of research techniques and demonstrate a level of original discovery suitable for graduate work on the master's level. Students may not enroll in this class until the last semester of graduate work or until all other course requirements for the degree have been successfully completed. (Crosslisted with WRSP 690)

Offered: Resident and Online

MUSC 691 Lecture Performance Recital 3 Credit Hour(s)

Prerequisite: MUSC 689

This is a faculty supervised, 55-60 minute lecture recital program. The student must demonstrate the ability to conduct or perform appropriate repertoire for 50 percent of the recital. The student must demonstrate the ability to lecture about their selected repertoire for 50 percent of the recital. Preparation of the recital must demonstrate completion of a serious, formal research paper that documents the repertoire selected, historical information about composers and songwriters, and rationale for stylistic representation.

Offered: Resident and Online

MUSC 692 Graduate Music Comprehensive Exam 0 Credit Hour(s)

Prerequisite: MUSC 689

This course is a written and oral examination that serves as a culminating assessment for the MA in Music Education. The comprehensive exam will be based on the content of courses taken in the MA in Education program.

Offered: Resident and Online

MUSC 695 Graduate Research in Music 3 Credit Hour(s)

Offered: Resident and Online

MUSC 697 Seminar in Music 1-3 Credit Hour(s)

Offered: Resident and Online
