

MEDIUM UNMANNED AERIAL SYSTEMS CERTIFICATE

Purpose

The purpose of the Medium Unmanned Aerial Systems Certificate is to learn to operate an unmanned aircraft and use the launch and recovery systems for the Aerosonde Unmanned Aerial Vehicle (UAV) commonly used on domestic and overseas missions through the lens of a biblical worldview. Students will gain hands-on experience using a military UAV through a partnership with a UAS industry leader.

Program Learning Outcomes

The student will be able to:

- Apply policies, regulations, and procedures to UAS flight operations.
