

CENTER FOR PROFESSIONAL & CONTINUING EDUCATION

Director: Katherine Holt

The Liberty University Center for Professional and Continuing Education (CPCE) provides residential and online professional development and community enrichment activities through credit and noncredit offerings.

Credit offerings include certificate programs through Liberty University Online. These undergraduate and graduate programs provide opportunities for individuals to enrich their educations in a variety of fields. Certificates award college credit and complement undergraduate or graduate degrees.

Online and residential noncredit activities include instructional services, test preparation, career development, and community education classes, conferences, workshops, etc. Courses focused on career development award Continuing Education Units (CEUs).

To effectively serve individuals and organizations, the CPCE offers its services through open enrollment and customized venues. For additional information, visit www.liberty.edu/ce.
