

COACHING MAJOR (B.S.)

Purpose

The Coaching major will prepare students to work as coaches within the sport industry. The students will develop knowledge of administration, pedagogy, compliance, strength and conditioning, leadership skills, communication, motor movement and film editing.

Program Learning Outcomes

The student will be able to:

- Recommend systems for effective administration of sport programs and player development.
- Evaluate coaching strategies to achieve desired outcomes held by relevant stakeholders.
- Apply ethical decision-making based on the Christian worldview to coaching situations.
