

ACTING MAJOR (B.F.A.)

Purpose

The Bachelor of Fine Arts degree is considered the pre-professional degree, allowing students to gain extensive practice-based course work in the field of acting.

Program Learning Outcomes

The student will be able to:

- Articulate a personal process as a creative artist grounded in the history and current practices of theatre.
- Evaluate multiple world views from a Biblical perspective.
- Create original and re-interpretive theatrical work evident by a consistent work ethic and respect for professional ethics.
- Demonstrate advanced proficiency in performing synthesizing movement, voice, and acting techniques.
