

# EARTH SCIENCE EDUCATION CERTIFICATE

---

## Purpose

The purpose of the Certificate in Earth Science Education is to provide an option for teachers who desire a dual science endorsement to teach earth science courses in grades 6-12 or teacher candidates who are enrolled in a teacher preparation program that leads to initial licensure in another science discipline in grades 6-12. This licensure certificate leads to a Virginia endorsement and is intended to prepare teachers with a current science endorsement to serve in Earth Science classrooms.

## Program Learning Outcomes

The student will be able to:

- Understand fundamental earth science principles as well as foundational concepts within its branches of astronomy, meteorology, and mineralogy-petrology, and oceanography.

## Program of Study

### Delivery Format: Online Only

- Earth Science Education Certificate - Online

## Career Opportunities

- Curriculum Coordinator
- High School Teacher
- Home School Teacher
- Middle School Teacher
- Private School Teacher
- Tutor
