

BIOTECHNOLOGY MAJOR (B.S.)

Purpose

The purpose of the Biotechnology major is to prepare students for medical and related professional schools, graduate school, and employment in biotechnology.

Program Learning Outcomes

The student will be able to:

- Apply standards and principles of safe practice in the laboratory or field environment.
- Understand ethical issues in the life sciences in light of a biblical/Christian worldview.
- Demonstrate knowledge of fundamental biotechnological concepts.
- Conduct, analyze, and summarize biochemical or molecular research.

Program of Study

Delivery Format: Residential Only

- Biotechnology (B.S.) - Resident

Career Opportunities

- Biomedical Laboratory Supervisor
- College Professor/Researcher
- Industrial Laboratory Technician
- Laboratory Research Assistant
- Pharmacist
- Physician
