

WORSHIP MUSIC STUDIES MAJOR (B.S.)

Purpose

The purpose of the Bachelor of Science in Worship Music Studies major is to provide students with broad knowledge and skills in worship ministry. This is accomplished through training in worship theology, worship philosophy, worship methodology, and worship music.

Program Learning Outcomes

The student will be able to:

- Build a personal philosophy of worship based on theological principles.
- Develop worship strategies in various ministry contexts, based on the worship leader's roles.
- Demonstrate technical fluency and expressiveness in worship music.
- Explore historical developments and worship movements that inform current application and methods of church ministry.

Program of Study

Delivery Format: Online Only
