

WORSHIP STUDIES MAJOR (B.S.)

Purpose

The purpose of the BS in Worship Studies is to train and equip worship practitioners for the evangelical community. This is accomplished through curricula development, local church ministry, and empirical research.

Program Learning Outcomes

The student will be able to:

- Build a personal philosophy of worship based on theological principles.
- Develop worship strategies based on an evaluation of various ministry contexts.
- Evaluate various scenarios within the diverse evangelical community and make application to the worship leader's roles.
- Articulate historical developments that have led to the current application of worship in the evangelical community.
