This course will provide students with an overview of qualitative and quantitative marketing research methods. Students will identify and apply appropriate research methods to support evidence-based decision-making.
Offered: Resident and Online

BUSI 332 Consumer Behavior 3 Credit Hour(s)
Prerequisite: BUSI 330
Students in this course demonstrate their knowledge of consumer acquisition, consumption, and disposal of products and services. Students analyze buyer behavior of individual consumers, business, and governments and evaluate the influence that demographics, popular culture, and subcultures have on consumer behavior.
Offered: Resident and Online

BUSI 333 Business Analytics I 3 Credit Hour(s)
Prerequisite: BUSI 201 and (BUSI 230 or MATH 201)
This course introduces major topics in business analytics, with an emphasis on descriptive analytical techniques and theory. Students will explore methods of data collection and analysis in gaining an understanding of variation and its impact on the business setting.
Offered: Resident and Online

BUSI 334 Business Analytics II 3 Credit Hour(s)
Prerequisite: BUSI 333
This course continues the exploration of major topics in business analytics, with an emphasis on prescriptive and predictive analytics.
Offered: Resident and Online

BUSI 335 Leading Change 3 Credit Hour(s)
A review of the concepts and practices of planning for and leading effective change. Students will evaluate personal and organizational approaches to change in order to identify requirements, plan and implement change.
Offered: Online

BUSI 336 Introduction to Entrepreneurship 3 Credit Hour(s)
An overview course in the principles of establishing an entrepreneurial venture for either a for-profit enterprise or a non-profit organization.
Registration Restrictions: Sophomore status
Offered: Resident and Online

BUSI 338 Developing Entrepreneurial Opportunities 3 Credit Hour(s)
Prerequisite: BUSI 336
A course that expands on the principles of how to develop a business opportunity that brings value to the marketspace.
Offered: Resident and Online
BUSI 341 Database Concepts for Analytics 3 Credit Hour(s)  
**Prerequisite:** BUSI 333  
This course will explore the fundamentals of relational databases as they relate to business analytics, including normalization, data modeling, and Structured Query Language to extract meaning from data for decision making. The topics of data quality and integrity will be considered, as well as the impact of big data on analytics and the traditional relational database model.  
**Offered:** Resident and Online

BUSI 342 Human Resource Management 3 Credit Hour(s)  
Introduces the student to the human resources/personnel functions. Topics covered include: recruitment, assessment, compensation, motivation, appraisal, development, legal environment, labor relations, employee relations, etc. Emphasis on how managers can deal with and utilize the human resources function.  
**Offered:** Resident and Online

BUSI 343 Employee and Labor Relations 3 Credit Hour(s)  
**Prerequisite:** BUSI 342  
A comprehensive study of collective bargaining; the negotiation process and the scope of labor contracts to include the day-to-day administration of contracts; the major substantive issues in bargaining to include their implication for public policy; and the problem of dealing with labor conflict.  
**Offered:** Resident and Online

BUSI 344 Management of Human Resources and Health Professionals 3 Credit Hour(s)  
**Prerequisite:** BUSI 302 or (BUSI 304 and BUSI 311)  
Explores managing human resources in the context of the healthcare organization. Focuses on applying human resource management concepts (i.e. but not limited to: recruitment, compensation, motivation, performance and talent management) in the management of human capital within the healthcare setting.  
**Offered:** Resident and Online

BUSI 345 Leadership Theory and Practices 3 Credit Hour(s)  
An evaluation of the inter-relatedness of the followership and servant leadership is reviewed on how those traits are imperative to be an effective leader.  
**Offered:** Online

BUSI 350 Business Information Processing 3 Credit Hour(s)

BUSI 351 System Analy/Design Comp Info 3 Credit Hour(s)

BUSI 352 Financial and Retirement Planning 3 Credit Hour(s)  
This course is designed to provide an overview of the financial planning process with specific emphasis of retirement planning. Topics discussed will include: client/planner interactions; time value of money applications; personal financial statements development and assessment; cash flow and debt management; asset acquisition; education planning; planning elements of risk management; investment planning; and retirement planning; special needs planning review; integrating planning recommendations; financial planning ethics review; overview of practice management concepts.  
**Offered:** Resident and Online

BUSI 354 Estate Planning 3 Credit Hour(s)  
Estate Planning focuses on the efficient conservation and transfer of wealth, consistent with the goals of a financial planner’s clients. It is a study of the legal, tax, financial and non-financial aspects of this process, covering topics such as: trusts, wills, probate, advanced directives, charitable giving, wealth transfers, and related taxes.  
**Offered:** Resident and Online

BUSI 360 Contemporary Issues in International Business 3 Credit Hour(s)  
**Prerequisite:** BUSI 303  
An analysis of current global developments and rapid change in areas that have the potential for an impact on the international business environment. Attention is given to the use of techniques for identifying and researching significant issues, extrapolating probable outcomes, and developing strategic responses. Corporate and entrepreneurial perspectives are considered.  
**Offered:** Resident and Online

BUSI 365 Global Industries and Operations 3 Credit Hour(s)  
**Prerequisite:** BUSI 303  
An introduction to the organizational and operational dynamics of the various global industries and their rapidly growing importance to the world’s national economics and governments. Various aspects of the industries will be explored.  
**Offered:** Resident and Online

BUSI 370 Dynamics of the American Automotive Dealership Industry 3 Credit Hour(s)  
**Resident Prerequisite:** ACCT 211  
**Online Prerequisite:** ACCT 211 and BUSI 310  
An overview course in the Automotive Dealership Management Concentration that provides the foundation for understanding management principles that lead to successful dealership operations.  
**Offered:** Resident and Online

BUSI 371 Supply Chain Management 3 Credit Hour(s)  
A study of the strategic importance of the supply chain and logistics functions of businesses. Includes an examination of emerging technologies such as IoT, Blockchain, RFID, and Additive Manufacturing. Humanitarian supply chains and the Christian worldview are also examined. In commerce, strategic value chain and supply-chain management (SCM) create essential competitive advantage. This course examines the integrative management and supply chain process that are directly linked to its achievement.  
**Offered:** Resident

BUSI 372 Marketing and Sales 3 Credit Hour(s)  
**Resident Prerequisite:** BUSI 370  
**Online Prerequisite:** BUSI 330 and BUSI 370  
A study of the marketing and sales roles and responsibilities with application in an automotive industry.  
**Offered:** Resident and Online

BUSI 376 Legal, Finance, and Insurance 3 Credit Hour(s)  
**Prerequisite:** BUSI 301 and BUSI 370  
A study of the financial impact of automotive dealerships from legal issues, cash flow, accounting principles, and insurance policies. The focus will be from the perspective of (a) the consumer, (b) the dealership, and (c) the industry.  
**Offered:** Resident and Online

BUSI 380 Principles of Real Estate 3 Credit Hour(s)  
**Prerequisite:** BUSI 320  
This course provides a comprehensive overview of the principles, practices, legal aspects, and ethical dimensions associated with residential and commercial real estate. This includes ownership and leasing concepts; property rights, property management, appraisals, financing, and land development.  
**Offered:** Resident and Online
BUSI 390 Business Common Professional Components 3 Credit Hour(s)
This course is designed to meet the common professional component for the Accreditation Council of Business Schools and Programs (ACBSP). Students in business-related programs need to attain general business competencies such that they may be better suited to understand the business environment. This course allows students to attain the minimal competencies required by ACBSP such that their degrees are accredited as business-related programs. Covers 20 hours of the Common Professional Core.
Offered: Online

BUSI 397 Construction Project Supervision Lab 1 Credit Hour(s)
Prerequisite: CRFT 101

BUSI 400 Strategic Planning/Business Policy 3 Credit Hour(s)
Prerequisite: BUSI 301 and BUSI 303 and BUSI 310 and BUSI 320 and BUSI 330 and (BUSI 340 or BUSI 240) and BUSI 342
This capstone course for all business majors seeks to integrate the concepts, techniques, and knowledge of all areas of business administration. Its focus is strategic management which is studied in theory and then rigorously applied. This course is designed for final semester seniors.
Registration Restrictions: Senior status (at least 90 credits) and completion of all 300-level Business courses
Offered: Resident and Online

BUSI 405 Business and Economic Forecasting 3 Credit Hour(s)
Prerequisite: MATH 201 or BUSI 230
This course covers methods of collecting data, discovering data patterns, and selecting appropriate forecasting techniques. Time series and regression forecasting techniques are introduced.
Offered: Resident and Online

BUSI 409 Non-Profit Management 3 Credit Hour(s)
Management principles and techniques for the administration of a non-profit organization, including churches, charities, hospitals, and government organizations.
Offered: Resident and Online

BUSI 411 Operations Management 3 Credit Hour(s)
Prerequisite: (MATH 201 or BUSI 230) and BUSI 201 and (BUSI 310 or BUSI 311 or ACCT 311)
A study of the challenges and opportunities facing managers of the operational functions of business, the value added areas where resources are transformed into goods and services. The wide ranging implications and applications of the concept of employee/team driven, customer-centered continuous improvement will be examined, as well as Total Quality Management principles. The study of operations management will involve some complexity as various quantitative management tools are examined and applied.
Offered: Resident and Online

BUSI 414 Project Management I 3 Credit Hour(s)
Prerequisite: BUSI 313
This course provides focused instruction in the first five (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Integration Management, Project Scope Management, Project Time Management, Project Cost Management, and Project Quality Management. Students will apply processes to ensure project coordination, plan development processes, project plan execution processes and integrated change control processes.
Offered: Resident and Online

BUSI 415 Project Management II 3 Credit Hour(s)
Prerequisite: BUSI 313
This course provides focused instruction in the final four (of nine) project management competencies as delineated in the Project Management Institute’s Body of Knowledge (PMBOK): Project Human Resource Management, Project Communications Management, Project Risk Management, and Project Procurement Management. The course will provide students with processes to review organizational and human resource structures to develop and manage project teams; identify, analyze, plan for and respond to project risk; identify and acquire goods and services to implement and complete project plans; and, identify stakeholders, plan communications, and distribute information.
Offered: Resident and Online

BUSI 416 Leading Global Projects 3 Credit Hour(s)
Prerequisite: BUSI 313
This course provides instruction in global project management with emphasis on the integration of the interconnected themes of strategic project management, cross-cultural effectiveness, and project leadership.
Offered: Resident and Online

BUSI 417 Studies in Information Security 3 Credit Hour(s)
BUSI 417/CSCI 340/BMIS 340 - Studies in Information Security (3 hours) This course introduces the basic issues and principles of information system security such as security policies, their mechanisms of implementation, means attackers use to circumvent these protections, and defenses against these attackers. (Formerly ISYS 340)

BUSI 418 Research and Evidence Based Practice in Healthcare 3 Credit Hour(s)
Explores the practice of evidence-based management relative to healthcare decision making and support. Topics explored include but not limited to: evolution of evidence-based healthcare, locating and evaluating evidence, developing the capacity of healthcare managers to utilize evidence in decision making, and evidence-based healthcare in the 21st century.
Offered: Resident and Online

BUSI 419 Management of Quality Improvement and Outcomes 3 Credit Hour(s)
Addresses the manager’s role in improving healthcare quality and outcomes, including clinical and organizational improvement, technology assessment, and quality improvement practices. This course examines how improved work processes lead to quality improvement and value creation in the healthcare organization. Students will explore the contribution of operations research and quality management to improve delivery and production of healthcare services and business processes from the perspective of the healthcare professional.
Offered: Online

BUSI 420 Investments 3 Credit Hour(s)
Prerequisite: BUSI 320
A survey of corporate securities, financial securities, security markets, investment and portfolio analysis and administration. Investment companies, commodity markets and the stock exchange are also examined.
Offered: Resident and Online

BUSI 421 Insurance Planning/Risk Management/Employee Benefits 3 Credit Hour(s)
This course will cover the concepts and tools used in Insurance Planning, Risk Management and Employee Benefits. All three are important parts of a holistic financial plan.
Offered: Resident and Online
BUSI 422 Real Estate 3 Credit Hour(s)
Prerequisite: BUSI 301 and BUSI 320
An overview of real estate brokerage, property rights, transfer mechanisms and documents, property evaluation, finance, investments, and property management.
Offered: Resident and Online

BUSI 423 Franchising 3 Credit Hour(s)
Franchising is a major form of business ownership and a strategy for growing ventures. This course examines franchising from both the perspective of the entrepreneur as a franchisee and as a franchisor. Topics will include selecting a franchise, developing a franchised business model, and legal issues associated with the franchised relationship.
Offered: Online

BUSI 424 E-Commerce 3 Credit Hour(s)
This course explores how the Internet has revolutionized the buying and selling of goods and services in the marketplace. Topics include: Internet business models, electronic commerce infrastructure, designing on-line storefronts, payment acceptance and security issues, and the legal and ethical challenges of electronic commerce.
Offered: Online

BUSI 425 Family Business Management 3 Credit Hour(s)
This course explores the unique personal, interpersonal issues, and business issues associated with the family-owned and managed firm. Topics include challenges and opportunities for family businesses, the dynamics of family interactions within the family business culture, conflict resolution, estate planning, and succession planning.
Offered: Resident and Online

BUSI 427 Team Dynamics 3 Credit Hour(s)
Online Prerequisite: BUSI 240 or BUSI 340
The dynamics of building a highly functioning team in order to accomplish a goal. Examination of how to choose team members and how to manage the team to deliver successful results.
Offered: Online

BUSI 428 Strategic Management and Marketing in Healthcare 3 Credit Hour(s)
Prerequisite: BUSI 344 and BUSI 418
Focused on increasing organizational effectiveness and efficiency through strategic planning, students will develop an understanding of the strategic planning process and marketing from a healthcare perspective. Topics explored include but not limited to: importance of strategic planning in healthcare, internal and external environmental assessment, marketing healthcare services, strategy formulation, implementation, and long-term control.
Offered: Resident and Online

BUSI 429 Healthcare Economics 3 Credit Hour(s)
Explores how principles of economic analysis can be applied to the field of healthcare. This course will explore how healthcare economics is unique through an exploration of healthcare markets (including supply, demand, production, and costs) and how cost benefit analysis is performed when the output presents challenges for measurement.
Offered: Online

BUSI 430 Promotion Strategy 3 Credit Hour(s)
Online Prerequisite: BUSI 330
This course is open to students who desire to understand the function of Promotion within a company’s Integrated Marketing Communications (IMC) plan. Emphasis is on planning, creating, and evaluating advertising, sales promotion, and publicity strategies to communicate most effectively across the optimum blend of media channels.
Offered: Online

BUSI 431 Sales Management and Professional Selling 3 Credit Hour(s)
Prerequisite: BUSI 330
This course presents each component of the sales cycle in a business-to-business selling environment. Students will master models for initiating sales contacts, identifying and defining prospect’s needs, and presenting and gaining commitment for a proposed solution.
Offered: Resident and Online

BUSI 432 Retail Management 3 Credit Hour(s)
BUSI 433 Marketing Management 3 Credit Hour(s)
Online Prerequisite: BUSI 331
Advanced study of the role and responsibilities of marketing executives. Emphasis will include: analysis of marketing opportunities and problems; planning of objectives and strategies; development of organizational structure, policies, implementation, and control; and evaluation of marketing programs.
Registration Restrictions: Senior Status
Offered: Online

BUSI 434 International Business 3 Credit Hour(s)
BUSI 435 Small Business Entrepreneurship 3 Credit Hour(s)
A practical study in the dynamics of establishing, funding, and managing a small new enterprise, or acquiring an existing business using case studies, practical exercises, and class instruction.
Registration Restrictions: Junior/Senior Status
Offered: Resident and Online

BUSI 436 Digital Marketing in a Virtual World 3 Credit Hour(s)
Prerequisite: BUSI 330
Students explore the principles required to successfully practice marketing in the virtual world of social media and electronic commerce between and among businesses and consumers.
Offered: Resident and Online

BUSI 437 Global Marketing 3 Credit Hour(s)
Online Prerequisite: BUSI 330
This course focuses on the basic theories, concepts, and practices of Marketing in a practical and unique way. This course will delve into: 1) The Culture Environment of Global Markets; 2) Assessing Global Opportunities; 3) Developing Global Marketing Strategies; and 4) Implementing Global Market Strategies.
Offered: Online

BUSI 438 Marketing Brand Management 3 Credit Hour(s)
Online Prerequisite: BUSI 330
Students will learn how an organization’s brand provides a broad definition of its purpose, uniqueness, and its package of products and services. Course topics include channel development, merchandising, marketing, and establishing and delivering the brand promise.
Offered: Online
BUSI 439 Conversion and Optimization 3 Credit Hour(s)
Prerequisite: BUSI 436
This course covers the principles, functions, and techniques of web analytics, site optimization, and conversion strategies related to digital marketing. The information covered in this course will provide students with knowledge of how to successfully reach and influence potential consumers and convert them into customers. The course also covers the financial impact of conversation strategies on the firm.
Offered: Resident and Online

BUSI 440 Compensation Management 3 Credit Hour(s)
Prerequisite: BUSI 342
This course develops the philosophy and fundamental guiding principles for wages and salaries in business institutions. This comprehensive study of compensation management also includes job analysis, administrative job evaluation, basis compensation plans, executive compensation and administrative controls.
Offered: Resident and Online

BUSI 442 Customer Retention Through Digital Marketing 3 Credit Hour(s)
Prerequisite: BUSI 436
The content of this course focuses on digital marketing strategies and techniques necessary for satisfying and retaining customers. In this course, students are presented with information and methods for driving and assessing overall lifetime customer value and resulting financial performance. The course content also encourages students to explore industry trends and their future impact on digital marketing.
Offered: Resident and Online

BUSI 443 Workforce Planning and Employment 3 Credit Hour(s)
Prerequisite: BUSI 342
This course will focus on recruitment, assessment, selection, placement and appraisal issues and methods necessary to align the organizational workforce with the strategic goals of the organization. The laws and guidelines related to the DOL, INS, EEOC, and other legal enforcement agencies as related to the staffing process will be reviewed.
Offered: Resident and Online

BUSI 444 Human Resource Development 3 Credit Hour(s)
Prerequisite: BUSI 342
This course focuses on the design, implementation, and management of employee orientation, career development, and training programs. Human resource development issues examined include strategic training, needs assessment, theories, program design, evaluation, and training methods as well as career management.
Offered: Resident and Online

BUSI 446 Retailing and Category Management 3 Credit Hour(s)
Prerequisite: BUSI 330
From an economic perspective, retailing, and category management represent anywhere from 25-30% of GDP annually. This course integrates retailing and category management into one course. The category management aspects of this course are derived from retail and supply chain perspectives.
Offered: Resident and Online

BUSI 447 Digital Marketing Analytics 3 Credit Hour(s)
Prerequisite: BUSI 331
Students are introduced to techniques and resources required to successfully analyze data points in various digital environments to maximize the value of an organization's digital marketing efforts. Students will develop skills to evaluate meaning from those data points specifically using tools and technology from within the industry.
Offered: Resident

BUSI 450 Database Management Systems 3 Credit Hour(s)

BUSI 452 Survey Design 3 Credit Hour(s)
Prerequisite: BUSI 331
This course covers important elements for effective survey and questionnaire design. Students will learn how to plan, structure, and write survey material for meaningful market research giving consideration to ethical and social issues. The course will include topics in research techniques and best practices as well as how to use, act on, and follow-up research.
Offered: Resident and Online

BUSI 453 Applied Marketing Analysis 3 Credit Hour(s)
Prerequisite: BUSI 452
Building on knowledge acquired in marketing research, students will assess environmental market conditions. The course will explore principles used in construction, application, and analysis of market research necessary to exercise good judgement and develop action plans for key decision makers. Students will explore, analyze, and offer recommendations regarding market and consumer research through applied projects.
Offered: Resident and Online

BUSI 454 Practical Analytics 3 Credit Hour(s)
Prerequisite: BUSI 334 and BUSI 341
This course provides a hands-on exploration of current business analytical tools including reporting, visualization, and prediction. Analyses will be considered in a real-world context utilizing a variety of data sets and case studies.
Offered: Resident and Online

BUSI 455 Conflict Resolution and Negotiation 3 Credit Hour(s)
Prerequisite: BUSI 310
A review of the theories, processes and practices of conflict resolution and negotiation. Students will analyze the factors that impact negotiations and diagnose and identify negotiation strategies. Cultural aspects of conflict and negotiation will be examined.
Offered: Resident and Online

BUSI 456 Growth Enterprise: Strategy and Planning 3 Credit Hour(s)
Prerequisite: ACCT 212 and BUSI 336
A course in the principles of managing a funded startup enterprise through the various stages of growth and the principles of leading a team of employees to achieve organizational desired outcomes.
Offered: Resident and Online

BUSI 458 Innovating into Industries and Markets 3 Credit Hour(s)
Online Prerequisite: BUSI 336 and BUSI 338 and BUSI 456
A course that applies the general concepts of key success factors for establishing entrepreneurial ventures to the unique characteristics of significant industries and marketspaces.
Offered: Online

BUSI 464 International Market Integration and Trade Agreements 3 Credit Hour(s)
Prerequisite: BUSI 303
This course examines market and economic integration among countries, including the European Union, the North American Free Trade Agreement, Asia-Pacific Economic Cooperation, Association of Southeast Asian Nations and others. Major emerging market economies will also be surveyed, along with the challenges and opportunities these present to the international business firm.
Offered: Resident and Online
